

Strategic Product Placement Analysis using Tableau

TEAM ID	SWTID-2026-8765
PROJECT TITLE	Strategic Product Placement Analysis using Tableau
MAX MARKS	1 MARKS

5.3 – Project Progress Tracking

Activity	Status
SmartBridge Live Sessions	Completed
Data Collection	Completed
Data Connectivity	Completed
Data Cleaning & Preparation	Completed
Dashboard & Story Creation in Tableau	Completed
Tableau Public Upload	Completed
Web Integration	Completed
Report Generation & Documentation	Completed
Demo Video Creation	Completed
Project Deployment	Completed

1. SmartBridge Live Sessions

- We host live sessions on SmartBridge to share knowledge and expertise.

2. Data Collection

- Gathering data is crucial for any project.
- We collect data from sources.

3. Data Connectivity

- Connecting to data sources is vital.
- We ensure connectivity.

4. Data Cleaning & Preparation

- Cleaning and preparing data takes time.
- We make sure data is accurate and consistent.

5. Dashboard & Story Creation in Tableau

- We create dashboards in Tableau.
- Our dashboards tell a story with data.

6. Tableau Public Upload

- We share our work on Tableau Public.
- Our visualizations are accessible, to all.

7. Web Integration

- Integrating with web applications is key.
- We make sure everything works smoothly.

8. Report. Documentation

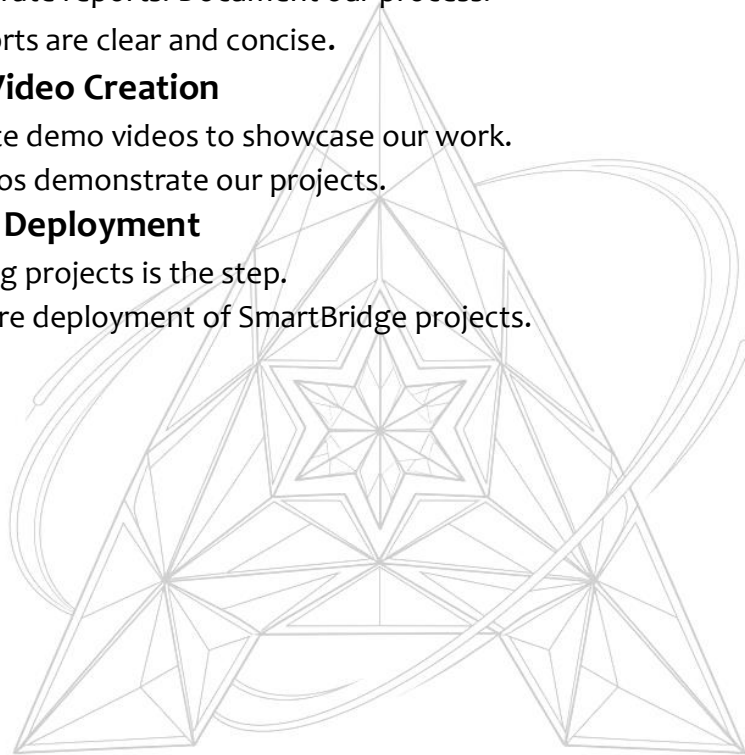

- We generate reports. Document our process.
- Our reports are clear and concise.

9. Demo Video Creation

- We create demo videos to showcase our work.
- Our videos demonstrate our projects.

10. Project Deployment

- Deploying projects is the step.
- We ensure deployment of SmartBridge projects.
